

SHEFALI SHIVHARE

PRODUCT MANAGEMENT | AI SAAS | B2B GROWTH | GO-TO-MARKET STRATEGY

Remote – India +91 9807164907 shefalishivhare@gmail.com <https://www.linkedin.com/in/shefalishivhare/>

PROFESSIONAL SUMMARY

Product professional with 4.5+ years of hands-on experience across the full product lifecycle — from defining requirements and validating features to driving go-to-market execution and measuring adoption. Has worked directly at the intersection of AI product development and B2B commercialization, partnering with product, data, and engineering teams to shape how AI-powered SaaS products are built, launched, and grown. Brings a business-first approach to product decisions: grounded in user needs, fluent in GTM strategy, and focused on outcomes over outputs.

CORE COMPETENCIES

- | | | |
|-------------------------------------|-----------------------------------|--|
| ▪ Product Lifecycle Management | ▪ Feature Discovery & Validation | ▪ User Story & Requirements Definition |
| ▪ Go-to-Market Planning & Execution | ▪ Workflow Design & Optimization | ▪ Stakeholder Management |
| ▪ Cross-Functional Collaboration | ▪ Product Positioning & Messaging | ▪ User Adoption & Engagement |
| ▪ Growth & Outreach Strategy | ▪ Data-Driven Decision Making | ▪ Agile Product Development Support |
-

AI PRODUCT EXPERIENCE

Worked hands-on with AI-powered SaaS products — not as an engineer, but as the person who defined what good output looked like, identified where it fell short, and drove iteration until it met real user needs. Translated business problems into structured AI workflow requirements, evaluated output quality against those requirements, and collaborated with technical teams to close the gaps.

This included designing prompt frameworks for LLM-based workflows, validating AI-generated insights for accuracy and usability, and ensuring AI features aligned with the end user's actual decision-making process — keeping the focus firmly on product value, not technical complexity.

PROFESSIONAL EXPERIENCE

Senior Associate – Product Management & Enablement

Oct 2022 – Present

ZoomRx Healthcare Technologies

- Owned end-to-end go-to-market execution for Ferma Agents, an AI-powered SaaS platform — from feature readiness through launch and adoption across B2B segments.
- Defined requirements for LLM-driven prompt workflows, evaluated output quality against user needs, and led iteration cycles to improve accuracy, consistency, and usability.
- Acted as the bridge between product, data, and engineering teams — consolidating user feedback, identifying gaps, and translating them into actionable product improvements.
- Developed product messaging, sales enablement decks, capabilities collateral, and website content aligned with roadmap updates and evolving user needs.
- Built and scaled a 19,000+ prospect database using Clay, LinkedIn Sales Navigator, and ZoomInfo — improving outbound targeting, segmentation, and pipeline structure.
- Designed and executed multi-channel outreach campaigns via Brevo and GMass, achieving ~50% average email open rates — significantly above B2B benchmarks.

Associate – Product Marketing & Product Support

Nov 2021 – Sept 2022

ZoomRx Healthcare Technologies

- Managed product positioning and cross-channel messaging for Ferma Congress, ensuring consistency from launch through ongoing adoption.
- Structured and standardized regulatory intelligence and FDA datasets to enable downstream AI workflows and commercialization use cases.
- Shaped early-stage AI workflow processes through content structuring and close coordination with internal data and product teams.

- Produced lifecycle emails, blog content, and LinkedIn campaigns to drive demand generation and audience engagement.

Intern – Marketing & Product Support

Aug 2021 – Oct 2021

ZoomRx Healthcare Technologies

- Assisted in content development, research, and internal documentation for product and marketing teams.
- Organised marketing knowledge assets to improve campaign execution efficiency.

Business Development Associate

Jan 2021 – Feb 2021

BYJU'S

- Ran consultative outreach and lead engagement to support customer acquisition and revenue pipeline growth.

EDUCATION

PGDM – Marketing & International Business

2018 – 2020

ISBR Business School, Bangalore

Bachelor of Business Administration

2012 – 2015

Chhatrapati Shahu Ji Maharaj University (CSJMU), Kanpur

CERTIFICATIONS & ACHIEVEMENTS

Product Management: An Introduction — IBM / Coursera, 2026

Winner – FKCCI Manthan Business Plan Competition (2019)

Winner – GAP Analysis Competition (2019)

TOOLS & TECHNOLOGY

AI & LLM Platforms: ChatGPT, Claude, Gemini, Azure AI Foundry (insight log debugging), ChatGPT Playground (prompt testing & optimisation), Google Colab (elastic search refinement & Python-based testing)

Content & Creative: Canva (LinkedIn posts), Synthesia (LinkedIn video creation), Descript (LinkedIn video creation), Claude Code (website creation), Cursor (website development)

Languages: English, Hindi

Growth & Outreach: Clay (AI-personalised email creation), Brevo (lead management, email campaigns & demo scheduling), GMass (email campaigns), LinkedIn Sales Navigator (lead generation & outreach), ZoomInfo (contact sourcing), Clora (biotech professional identification)

Product & Analysis: Linear, MS Excel, PowerPoint, Word, Google Cloud Storage (prompt storage)
